VOL. I. No. 18
THURSDAY, SEPTEMBER 10, 1903

The "Cold and frozen north" has at last placed itself right before the outside world. It is doubtful if any other country will be so directly benefited by the World's Fair.

Canada previous to this has been almost unknown, locked upon with contempt by our American neighbors, and in a great measure, unappreciated by her own citizens. It is gratifying to know that all this is no longer possible. The people of the United States have been taught a very useful lesson, though it is very humiliating to be compelled to take second place after being so long "the best in the world."

The Canadian people have come to realize that they have a country of which they may well be proud, while victory after victory in the prize competition in various departments has astonished the world. But perhaps the most important part of all this is the fact that our own people are rapidly developing a national spirit, and pardonable national pride.

No Canadian can look upon the present condition of the country, and compare it with others that have been regarded as more highly favored, without feeling that we have much cause for faith in and love of our fair Dominion.

Mr. O. Rowand has built a fine stone stable, 30 by 40 feet.

Mr. D. Rowand, of Oak Lake, has been on a visit to his brothers, Messrs. A. and D. Rowand.

Miss McLeod, of Elkhorn, has been a guest at the Willow Farm.

Mr. W. Lund has purchased a fine team of horses from Mr. Bull, the Massey Harris expert.

Mr. Harry Parker has started his threshing outfit at Mr. Jiles, and intends coming out this way. He has lowered the price down to three and four cents.

On Sunday, Sept. 7th, the Rev. Mr. Fortuna called a meeting of those interested in church matters, for the following Tuesday evening, to consider the advisability of erecting a church. Quite a goodly number responded to the notice, in which the Presbyterians were conspicuous by their absence. After opening with prayer, Mr. Fortuna gave at length his reasons for calling the meeting, and invited the fullest discussion. After a general discussion Mr. Wm. Wood moved that steps be taken to erect a church. Mrs. Wood seconded the motion, which, when put, was defeated, seven to five. The Rev. gentleman did not seem satisfied, and gave notice that he would call a meeting of the members and adherents of the Presbyterian church, to discuss the matter. This he no doubt, did, as not more than two Presbyterians voted against the motion, and he was led to believe that those who were not present were in favor of building a place of worship, and those who voted against it did so because they were not in a position to subscribe for a new building.

I won't tell you the Elkhorn sport was that good and only got one chicken.

How about that pool at Woodville school house?

A Good Endorsement

ALMA, Sept. 11th. C. Dousshep is a well-known merchant here and of the highest respectability. His endorsement of any person or thing is, therefore, valuable. He told your reporter a couple of days ago that he had been cured by Dodd's Kidney Pills of the severe pains he suffered in his back for three years past. He has given practical proof of his belief in the efficacy of the pills by recommending them to several friends who suffered as he did, and who are now using the pills and being benefited by them. It's the same good old story that is always told after any one uses this magic remedy.

MURDERED BY A MADMAN. VANCOUVER, B.C., Sept. 12.—A great sensation was caused in Chinatown yesterday afternoon, by the murder of an Indian by a man named Walter Sangster, a stranger. Sangster is evidently mad, and ran through Chinatown, knocking down several Chinese and shooting at others. One shot hit a Chinaman in the face, inflicting a slight wound. Sangster then saw two Indians standing a few feet off and fired at them, the bullet entering the murdered man's forehead. The Indian died on the spot. Sangster then ran away but was shortly after arrested in a stable.

CROWN & HUNTER.

On Thursday last, Daniel Hunter was charged by Corporal Gravy with striking him while in the execution of his duty. This case was tried by Justices Corrigan and Hart. Mr. F. Fort, appearing for the crown, and Mr. H. A. J. McDougall for the defence. It is only fair to the latter gentleman to state that after gaining several important points in favor of his client, he was forced to withdraw from the case leaving the prisoner to plead his own case, owing to the action of Hunter repeatedly interrupting and attempting to conduct his own defence.

The evidence of Gravy went to show that on the day in question he had gone into Hunter's stable with a warrant to arrest Hunter—the latter not having paid his fine of \$20.00 in liquor case reported in our last issue. Hunter and Sam Mick were harnessing a horse, and Gravy ordered Hunter not to take the horse out, and then tried to read the warrant and arrest him. Hunter then (according to the witness) struck Gravy with a whip and cut open his face.

Sam Mick swore that he had seen no blow struck, and that he did not think that a blow could have been struck without witness seeing it. Joseph Brecken said that he saw Gravy about 15 minutes before he went to the stable, there was no mark on his face then. He saw no sign of him when he came from the stable, and there was a mark and blood on his face.

Hunter was committed for trial, but let out on \$100 bail—giving his own bond for \$200, and two securities for \$250 each.—Herald.

DISPENSIA CURED.
 GENTLEMAN: I was troubled with dys-
 pensia for about four years. I noticed
 an advertisement of Burdock Blood-Bit-
 ters so I started to use it and soon found
 that there was nothing so equal to it.
 I took just three bottles to effect a per-
 cure in my case.

A LETTER FROM FLEMSON.
 "I have used Dr. Fowler's Extract of
 Wild Strawberry and I think it is the
 best remedy for summer complaint. It
 does a great deal of good to myself
 and children."
 Mrs. Wm. WHITELY, Emerson, Mass.

A husband at home is worth two in

THE FOUR CARDINAL POINTS.
 The four cardinal points of health are
 stomach, liver and blood. Wrong action
 at any of these produces disease. Bur-
 dock Blood Bitters acts upon the four
 cardinal points of health at one and the
 same time, to regulate, strengthen and
 purify, thus preserving health and re-
 moving disease.

A laugh is worth a hundred groans in
 any market.

OPT IN PERIL.
 Lives of children are often endangered
 by sudden and violent attacks of cholera,
 cholera morbus, diarrhoea, dysentery and
 vomiting complaints. A reasonable and
 certain precaution is to keep Dr. Fowler's
 Extract of Wild Strawberry always on
 hand.

To succeed work hard, earnestly and
 incessantly.

A CURE FOR HEADACHE.

 food, dyspepsia or liver complaint. A

 undoubtedly the most successful head-

 moved the headache vanishes.

UNBEARABLE AGONY.
 For three days I suffered severely from
 summer complaint, nothing gave me re-
 lief and I kept getting worse until the
 pain was almost unbearable, but after I
 took the first dose of Dr. Fowler's
 Extract of Wild Strawberry I found the
 great relief. It did not fail to cure me.
 Wm. T. GLENN, Wexford, Ont.

Difficulty strengthens the mind as
 sorrow does the body.

Rebecca Wilkinson, of Brownsville,
 Ind., says: "I had been in a distressed
 condition for three years from Nervous-
 ness, Weakness of the Stomach, Dys-
 pensia and Indigestion and my health
 was gone. I bought one bottle of South
 American Nervine, which did me more
 good than any \$30 worth of doctoring I
 ever did in my life. I would advise
 every body person to use this valuable
 and lovely remedy. I consider it the
 kindest medicine in the world." A trial
 will convince you. Warranted by all

Recently they died in the State of New York an old man who had well merited the gratitude of his fellows. He was Joseph Francis, the first person who made a life-boat in America. He was seventy-three years old; he was born in 1790, and lived in the nineteenth century, and it was not until he had reached the age of ninety that he received the honor of the gold medal from Congress, acknowledging and commemorating his services in saving the lives of his fellow-men.
